

AI and the Environment: Balancing Demands, Challenges, and Opportunities

Environmental Law Institute People, Places and Planet Podcast, Season 7 Episode 4

December 18, 2024

Episode features Jed Anderson in conversation with Bob Sussman, a seasoned environmental lawyer and former senior EPA official. Hosted by Dara Albrecht. The discussion covers data-center energy demand, the climate risks of AI's electricity footprint, AI as a real-time regulatory instrument, and the empowerment of under-resourced communities.
