April 20, 2021

Regardess … it's a great idea! Bravo ExxonMobil!!!

It's all over the news today … and some of you sent it to me with comments that it was my idea, which is inconsequential but kind of you (see news links and info below). It's a great idea! Bravo ExxonMobil!

ExxonMobil announced it wants to collect the CO_2 emissions from all of the industries in the Houston Ship Channel area. A $100 billion project.

Bravo
