# Abraham Lincoln or Jed Anderson?

December 15, 2021

… “Sharpen the axe” or come up with a better way to get more work done?

Getting more work done?

—“If I only had an hour to chop down a tree, I would spend the first 45 minutes sharpening my axe.”– Abraham Lincoln

---“I prefer a chainsaw.”- Jed Anderson, EnviroAI

---“It is simply a statement of fact. The Romans could have had the telephone; the Greeks could have had the cinema; the Babylonians could have had the automobile—had they been mentally ready. The laws of nature were the same in those ages as in ours, the same materials were in the ground—but the minds of the Ancients were not ready for those things, and so they had to go without them.” — Emmet Fox

Work smarter.

Work faster.

Get more done.

---“Civilization advances by extending the number of important operations which we can perform without thinking about them.” - Alfred North Whitehead
