Current environmental permits are static

Originally written: December 30, 2025 · Published here: May 13, 2026

Current environmental permits are static.

They’re dead.

We’re building the worlds first ?living? environmental permits. Permits that adjust to meet the real-time, dynamic, and ever-changing conditions and needs of the environment and industry. Think of it as a ?smart grid? for environmental management.

For more information, please contact us at info@enviro.ai.
