EarthCraft

“The Environmental Protection Game”

Coming in 2022!

---“If we can channel some of the world’s game-playing and social-media talents (along with the millions of hours humans spend game-playing and engaging in social media interactions) to solve virtual environmental problems that in fact are real-world problems because EnviroAI makes the game-playing board a “digital twin (https://r20.rs6.net/tn.jsp?f=001_ioVneqNdScx42M4SYB_WO_mk7JSkX8TAhn0bHoF1MK-sateESGHUgnc75nD74AWLPu9Hq7cqexLdID6PwiAjdl-mvEYh4OlPvpI688nLg945IPTpSRShsBX4QJonteaSUrbRNj2LcosiGQsOkm71w==&c=&ch=)” of reality … then wow, wow, wow.” - Jed Anderson, CEO, EnviroAI

EnviroAI’s inspiration …

… “If protecting the environment worked more like ‘MineCraft’ or ‘Fortnite’ or ‘TikTok’ … my kids would already have earth protected.”

- Jed Anderson, CEO, EnviroAI

EarthCraft Investor Pitch

Your game mission … protect the environment.

- Join together with different people via social-media with different skillsets and backgrounds, launch remote-sensing tools and investigative bots (like EnviroAI's TrackBot) as you maneuver with your team around your environmental target area, and solve environmental problems to earn points

- "The Environmental Protection Social Media Game" will be marketed to FaceBook and LinkedIn
