POST

Environmental justice. . .

April 6, 2021

----“Houston industry is building the biggest green infrastructure, ESG, EJ project in the country” Houston Industrial Complexes Centers for Environmental Excellence

Environmental justice …

EnvironmentalSocialGovernance …

Nation’s

Biggest

Project

---“Houston is building the nation’s biggest green infrastructure/Environmental Justice/Environmental Social Governance Project.”

---“We are lucky to have incredible business and community leadership that want to make our City a shining example of how we can change and do things differently … better … in ways that not only improve the environment and our neighborhoods, but our ability to attract financial investment and compete in the world.” - Jed Anderson
