No more flaring? . . . Deer Park and La Porte?

October 28, 2020

A Community Alternative---“The Triangle” Regional Environmental Treatment Center

Of the 10,000 of you … a number of you will be interested in this project and concept.

No more flaring?

A regional treatment solution.

The “Triangle” could eliminate the need for elevated flares and flaring in the ship channel area.

Enhanced Community & Worker Safety.

Efficiency.

Environmental Protection.

*It should be noted that this facility will be built considerably above-grade and with additional protections to improve industry storm resiliency.
