POST

$ ____ per pound . . .

April 30, 2021

Companies paying for emissions …

$$$$$$$$$

---“Companies would pay for treatment capacity in the Centers for Environmental Excellence and pay per pound for pollution treatment. If the pollution was recovered, companies would receive a dividend.”

---“It’s genius.”

---“Companies for the first time in history would have a built-in financial incentive to reduce emissions upsets, routine emissions, and MSS emissions in order to reduce the treatment costs they would be paying to the Centers.”
