and a “Mission to Protect Earth”

Space vs. Earth

---“These visionaries want to go to space. They want to get things into space.

My focus is protecting this planet and everything that lives on it.”

- Jed Anderson, CEO, EnviroAI

---“EnviroAI is now about 1% complete in building a machine to protect earth’s environment. We will continue our incremental and commercially disciplined approach until we succeed—which we now believe will be around 2035.”

- Jed Anderson, CEO, EnviroAI
