POST

The humble . . .

August 30, 2021

… and the over-achievers.

---“I’m just not that smart.”

- Jed Anderson

---“There are thousands of people out there who are smarter than I am. The more I use EnviroAI, the more I’m realizing this. What EnviroAI does allow me to access some of the knowledge-base of these thousands of environmental professionals … giving my brain access to essentially more brains to allow my brain to be more intellectually capable of helping others.” - Jed Anderson

It’s the humble and the over-achievers who seem to be flocking first to EnviroAI.
