What's your facility's emissions credit value?

March 31, 2020

Find out with “The Generator”!

What’s your Facility’s Emission Value?

This will capture people’s attention …

WOW!

Ceres AI has just completed yet another artificial intelligence application … “The Generator”. The Generator identifies potential emissions reduction and credit opportunities. The Generator identifies not only facilities, but the particular equipment at each facility where opportunities may exist.

Reduce pollution.Generate money.
