POST

Who's responsibility?

May 14, 2021

Mine.

I wrote yesterday on computational environmental protection (http://r20.rs6.net/tn.jsp?f=001Jztw8poV9BgpdwL8unodY00V_hEeuzLL7GSkx9_Xe2l2BiYZVcgbxx4JRFGFdolgv0HRcsvyQCPyGp24U90Za6JvAuBXIcZ6cPamMMYB04jxiyE3aO3Miwh7j5sMoia959OoqFeQuoO5THG1swUPjg==&c=&ch=). I want to be clear on who's responsibility I believe it is for building this new computational quantum AI system to save the planet and enhance it's ecological systems.

It's my responsibility. I can build it. And so I must.

---"The greatest threat to our planet is the belief that someone else will save it."

—Robert Swan

---"The problems of the world cannot possibly be solved by skeptics or cynics whose horizons are limited by the obvious realities. We need men who can dream of things that never were." ~ John F. Kennedy
